Nana build mobile legends 2020

Nana is a Mage/Support hero in Legends Mobile. Nana has a good range of Area-of-Effect skills, Summoning, Burst and Crowd Control. You are basically an offensive support since most of your abilities treat enemies damage. His passive is so unique and harms a team fight is the easiest thing for Nana. Its 2 skill makes it a perfect support hero. Nana is a very good and easy to play Mage, with her you can manage any situation and rank up easily. So, without a do, we jump into the MLBB battlefield with Nana. In this guide, we will take a look at the best emblem, spell, construction, including tips and tricks to pave the way to victory with Nana in Mobile Legends. Previously we discussed how to master the game with other heroes of Mobile Legends such as Ling, Wanwan, Pharsa, Carmilla, Silvana, Hayabusa, Atlas, Luo Yi, Yu Zhong, Aurora, Khaleed, Freya, Khufra, X.Borg, Lesley, Tigreal, Valir, Cecilion, Lylia, Uranus, Barats, Angela Odmeral So make sure to check out these hero guides as well. For now, let's focus on Nana. Nana is a hero with the common four skill sets of a passive and three active. In this guide of Nana, we see what his abilities are in the Mobile Legends, and when you can use which skill to get the best from her. Passive – Gift of Molina This is Nana's most unique passive, she's still alive when she takes mortal damage. It turns into a cute little bunny for 2 seconds, within this duration. Nana is immune to all damage and its speed of movement has gradually increased by 70%. Cool Down for this passive is 120 seconds and CD reduction elements do not work for its Passive. Ability 1 – Magic Boomerang (AoE) CD – 5.5/5.2/4.9/4.6/4.3/4.0 Nana launches its Boomerang in the designated area and slows enemies by 40% for 1 second while sipping200/220/240/260/280/300 quantity of magic damage. the first enemy takes full harm, but the next takes 20% less damage, up on60.% Nana evokes Molina in the designated area. After a short delay, Molina turns the enemy for 1.5 seconds while occupying 250/275/300/325/350/375 amount of Morph damage and slows them down by 50%/54%/58%/62%/66%/70. Magical defense is reduced by 25% for the enemy unit morries. Once Molina crashes on a goal it can be dodged if another enemy player is willingly in the way of the target. Skill 3 – Molina Blitz (Burst,CC) CD – 36/32/28 Nana treats Area of Effect damage three times with this skill. Each attack slows the enemy by 50% for 2 seconds while it deals with 400/540/680 amount of magic damage. If this power affects the individual enemy 2 times that the enemy will be blocked for 1 second. Skill Methods for Nana Unlock first skill 1 and upgrade it to maximum level. Upgrade your skill 2 accordingly and the Ultimate whenever available. Related – Mobile Legends Item Guide Best Emblem Set and Spells for Nana in Mobile Legends Emblem Set Use the custom Mage Emblem to deal with more damage. Use your talented spot like this to harass enemies more often. Here we focus mainly on its speed of movement and magic power. Finally use anger Impure to deal with huge damage on enemy units. Agility (+3)Catastrophe (+3)Impure Rage (+1) Also the magic emblem is good for her. Use your talent points in Energy to get a fair amount of Mana and then put your points in the desire for CD reduction. Finally, spend your point on Power overtension to deal with extra magic damage. Truncheon and Destiny Clock are the most useful elements for this emblem. Energy (+3)Desire (+3)Magic Power Surge (+1) Nana has no escape power so use Sprint or Flicker to survive. She is a very fragile hero, so flicker surely will help him escape from bad situations. Or you can use Flameshot former. Related – The guide for breeding Best Builds Mobile Legends for Nana in mobile Legends As we know it is a Mage/Support hero, so we can use it in both cases simply by changingbuild. If you are playing as a magician you have to face a lot of damage and in this scenario build magic shoes for spam your skills often. You can also build demon shoes if you want to regenerate your mana. lightning truncheon and glowing wand are the fundamental elements for her, it is for additional damage. the fate watch will increase the additional damage from truncheon lightning, then build it first and complete 10 batteries in order to deal with more damage. ice queen wand to amplify the slow motion effect of nana. you can use the wings of the holy crystal or blood to increase damage. Now, if we play it as a support, genius wand will help you reduce the magic defense. necklace of durability to reduce the regen effect of enemies. in advanced stage buy immortality to get an extra life. we recommend using magic damage build with custom mage emblem and flicker. Related – Guide to the articles of mobile legends mobile nana game tips nana is a very flexible hero, can manage any lane. when you are the only wizard of the team then go halfway; will provide you with more exp and gold. but if you are playing as a support then buy a wooden mask and help your offlaner. do not play alone, since you are a team combat hero. according to its gameplay, we can lower it in three stages. our Nana mobile legends guide includes the perfect game plan for the first, half and end of the game in the game. However, a player needs a good understanding of the map to bring the best from any hero. early game buy an elegant gem to recover your lost mana and hp. then buy a normal boot and prioritize destiny clock. do not take blue buff if your port wants hyper. clear the minion wave and focus on upgrading your level. try to build the clock of fate the mostpossible, after they build the Truncheon Lightning. Don't forget to turn with your team after reaching Level 4. Put your second skill in a bush and after morphine, make a surprise attack with your allies. Do not fall behind gold, construction objectsvery important. Your duty is the help of your dealer of damage if you are playing as a support. Building Durance necklace will spoil the enemy regen effect and try to build objects according to the enemy team. Do what you want but always try to push the turrets and rotate with your teammates. Providing vision is another important thing for Nana. Late Game Nana is not a solo player after being tricked by developers, so its half-phase and end-phase duty is to go to bed with the team. You're very fragile so don't get caught by a heavy CCed enemy. Build objects as quickly as possible so you can place 2 Moline at the same time and poke your enemies more often. Try putting your last in a team fight for them. Always check your passive during the turret dive. If your passive is not available at that time it does not play too aggressive. Use the following skill combinations to use Nana completely in mobile Legends. 2+Skill 3+ Skill 1 (this will deal with heavy damage) 2+Skill 1+Skill 3 Skills Both combos are useful, use them according to the situation. Turning your enemy into a rat will help your allies kill him easily. Spam skill 2 before identifying hidden enemies too. Final thoughts You are really a very useful hero, but in some cases, the enemy will ship in particular dwarf to protect their dealer of damages. Then place your 2 skill look fast and then push. He's an annoying hero because of his second skill. Any stun tank and combo Nana can literally dominate the initial phase. You can use Nana especially if your enemy team chooses Aldous, Esmeralda, Saber, Odette, Atlas, etc. The next update of the project is underway so that things can be changed a bit through theWe will keep you updated. Nana is a good hero to play for beginners as it is easy to use and has simple skills. It can deal with magic damage, stun enemies and has a good escape mechanism through its passive. Nana is very versatile as it can be played as a support or a major retailer of magic. His passive also grants his immunity to all incoming damages and a greater movement speed of 70% when he is about to die. It seems misleading like this little wizard Feline can really hurt you in so many ways, such as crowd control and magic damage. Disclaimer: I'm just a random player and not a pro. I just want to share with you things that work very well for me when you play this hero. Passive Skills / Molina Gift: She will turn when she is about to die and become immune to all damage for 2 seconds. And also large 70% increase in speed of movement. Ski 1 / Magic Boomerang: Nana launches a boomerang in a straight path that damages anyone touching it. The first enemy that touches him takes full harm and the successive ones takes 20% less. Ski 2 / Molina Smooch: Nana evokes Molina in a designated area and chases the nearest enemy hero, damaging them, disabling them and slowing them by 50% for 1.5 seconds. It also reduces the magical defense of the transformed enemy. Skill 3 / Molina Blitz: Nana evokes Molina in a straight path 3 times and each blow will face magic damage and slows them by 50% for 2 seconds.
