There is a cliffhanger and all of a sudden you want to turn the page. You can't get enough of the story. This is one of those books! I'm so mad at the author!(really not Bella) Believe me the book is better than the first! ** Derek, the Prince of Darkness, never thought he would have fallen for one of his slaves. Sofia Claremont has a hold over him. She makes him want to be a better person. When did that all come about? His heart of stone is slowly melting. Sofia gets a glimpse of his humanity. She begins to worry about the people she has left behind. What ever happened to her friend Ben? Derek sees torment on her face as she looks out the window. He lets her leave the Shade. It becomes his undoing. You don't know what you got until it's gone. The darkness envelops him; blinding his judgement. His twin sister is worried. Will things go back to the way they were or is the Shade collapsing into utter chaos?Written by a Library Thing customer.Helpful?April 18, 2019Loved this! Bella Forrest is an amazing writer. Not many can write first-person for so many different characters. This is only the second book I've read in the series, but I definitely am enjoying these.Written by a Library Thing customer.Helpful?April 19, 2019Loved this! Bella Forrest is an amazing writer. Not many can write first-person for so many different characters. This is only the second book I've read in the series, but I definitely am enjoying these.Written by a Library Thing customer.Helpful?October 16, 2016The second book is consumed with love attempted, love failed, & love found. The biggest surprises were what became of Sofia's parents. This story and character development continued...though at times I felt that downward spiral of Derek's could have been better developed as well as Sofia & Ben's time in high school. Overall a decent story but possibly not enough to entice me to read book 3. The storyline is quite predictable.Written by a Library Thing customer.Helpful?October 22, 2016So Sophia made her decision, she decided to leave the island and go back to her life. Her life with her best friend Ben, who she found out was kidnapped and taken to the island the night following her own kidnapping. She's having a difficult time adjusting, she can't seem to stop thinking about Derek, she's even having weird dreams of being on the island. Then she finds the crush she had on Ben wasn't on sided, he has always liked her, but decided to string her along as a friend because he wasn't ready to get serious. I hate when guys do that, he doesn't understand the insecurities he might of caused Sophia by telling all the male students to back off unknowing to her. He complains about Derek and the other vampires about their ownership of people(it's definitely bad) but he himself refers to Sophia as his. Very hypocritical of him I think.While Sophia is back to living her life without vampires, Derek is on back on the Shade finding himself in a dark place. He's not his calm self without Sophia and he's struggling to fix things on the island. He finds that things have gotten way out hand while he was asleep.When Derek's twin sister Vivienne came to bring her back to the island and let her know that Derek needs her, Sophia decides to stop fighting her draw to him and that the island is where she belongs. She arrives to find a different Derek. But with Sophia back in his life, Derek tries to fix things.The twists and turns in A Shade of Blood were shocking to say the least. After all that was revealed I wouldn't have been surprised if Sophia's long lost twin just turned up. Learning more about the hunters and who their leader is, was very surprising and who this infamous Ingrid Maslen was, I would say that Sophia is truly following some strange destiny.With the revelations and that cliffhanger ending epilogue I can't wait for the next book.Written by a Library Thing customer.Helpful?Customer Q&AGet specific details about this product from customers who own it.About our pricesWe're committed to providing low prices every day, on everything. See more details atOnline Price Match. webapp branch On the evening of Sofia Claremont's seventeenth birthday, she is sucked into a nightmare from which she cannot wake.A quiet evening walk along a beach brings her face to face with a dangerous pale creature that craves much more than her blood.She is kidnapped to an island where the sun is eternally forbidden to shine.An island uncharted by any map and ruled by the most powerful vampire coven on the planet. She wakes here as a slave, a captive in chains.Sofia's life takes a thrilling and terrifying turn when she is the one selected out of hundreds of girls to join the harem of Derek Novak, the dark royal Prince.Despite his addiction to power and obsessive thirst for her blood, Sofia soon realizes that the safest place on the island is within his quarters, and she must do all within her power to win him over if she is to survive even one more night.Will she succeed? ...or is she destined to the same fate that all other girls have met at the hands of the Novaks?**Review Contributed By Sarah Wathen Staff Reviewer** I wasn't sure what to expect when I first sat down to read Bella Forest's A Shade of Vampire. I was certainly a Twilight fan, at least for the short few weeks that it took me to rip through all four books. Edward Cullen had me under his spell just as surely as he did Bella Swan (and most of the female population of YA readers). I was told I would like this new series even better, so I thought a similar experience was in order. I couldn't have been more mistaken, and I was pleasantly surprised. Forest takes some great risks, allowing for an unpredictable, more daring story. First of all, these vampires are not vegetarians. Not by a long shot. Main character Sophia Claremont is drugged and abducted very early on, then taken to their lair for the sole purpose of first serving in a harem, and later being eaten. Not one of the vampires comes across as alluring, though most of them are beautiful and fabulously dressed. They're completely dismissive, even hateful, towards the lowly humans. A war seems to be raging between vampires and humans—especially those referred to as "hunters"—and the undead hide out on their own island, under a veil of permanent darkness and served by countless human slaves. "Welcome to The Shade," Sophia is told. There doesn't seem to be much hope of escape. The other main character and probable love interest is Derek Novak, prince of The Shade. He's been in an unnatural sleep for four hundred years, and he wakes suffering from ravenous hunger. He's offered Sophia (and several more abducted teenage beauties), and very nearly devours her. Somehow, for reasons no one can understand, she calms him and he is able to control his hunger. We get hints of some prophecy fulfilled from Derek's sister, The Shade's seer Vivienne. Derek is smitten from this point on, but not so Sophia. She misses her home and her best friend Ben, and she's terrified of the vampires. Derek starts to grow on her a bit by the end, but she paints a realistic view of how any young woman might actually feel toward a man who drinks a glass of blood at the breakfast table while she's choking down her toast. She's not throwing herself into his arms and begging to be turned into a demon, and we get that. Derek's fascination with her, however, is much less understandable. From the beginning of the book, Sophia presents herself as a rather weak character. She suffers from panic attacks, is secretly in love with her best friend who won't give her the time of day, and comes across as a mousey nobody. A few Easter Eggs are dropped here and there, which suggest that Sophia is somehow special, but it's almost like she has a disability that is hard to diagnose. My hope is that something in her past (which is shadowy), or maybe her genetic code, is discovered later which makes her more interesting. I knew going in that this book was only the first in a long series, so I was prepared to wait for answers. Were the questions interesting enough for me to want to read book two? Heck yes, I dove right in. Derek and Sophia are quasi-formed characters, but I get the feeling of great depth within both of them. I can't help it, I want them to fall in love. The history of The Shade beckons, as do the nature of the war between humans and hunters, and the story of Sophia's origins. Enough writing, I have to find out what happens next... *Find more info on this book HERE!*
