The list of the worlds most popular torrent Sites 2017. The list of the worlds most po have shut down, some newcomers joined the list. With the shutdown of Torrentz.eu and Kickass Torrents, two of the largest sites in the torrenting scene disappeared. It is a technology used to distribute files over the Internet. Like any technology, it can be used positively or negatively. Torrents can potentially speed up the downloading of large files (downloading is the process of copying a file "down" to your computer from another one, usually over the Internet — when sending a file it's called uploading). It speeds up downloads by basically chopping up a file into tiny pieces which can be sent in a "swarm" from dozens, hundreds, or even thousands of computers at once, each only having to send a small amount of the file. If you are wondering which Torrent sites are the best, such sites as The Pirate Bay is the first name you can think of when talking about Torrent. TPB is dubbed "the galaxy's most resilient BitTorrent site" when recently it has evaded numerous shutdowns and domain seizures. Gaining a great global Alexa ranking of 131, TPB is currently the most popular torrent and minimal adverts. And of course, TPB really deserves to be a perfect alternative and successor to KickassTorrents. WEBSITE:. YTS.am YTS.ag is the third in the list of Torrent sites. Being slightly different from TPB and RarBG, YTS.ag is also outstanding thanks to its smooth interface. If you love to see the movies in high-def 720p, 1080p and even 3D, YTS.ag should be on top of the list. WEBSITE:. RarBG The second equally well-known site of Torrent is RarBG. Starting off as a BitTorrent tracker in 2008, RarBG now provides torrent files and magnet links to over 300,000 users a day. The web is popular with so many people because of its user-friendly interface and a large number of feedbacks on torrents given by a huge community. RarBG was originally hosted in Bulgaria to evade the authorities. However, some countries such as India, Portugal, Denmark, the UK, Saudi Arabic has promulgated the ban on RarBG. And if you still want to access RarBG, use a VPN while in these countries! WEBSITE:. EZTV EZTV is a group which operated on other popular torrent websites like TPB and KickAss Torrents. The group came up with their own torrent websites after the takedown of KickAss. EZTV.ag isn't as visually appealing as other popular torrent websites and has advertisement links attached to main options. It is the ability to update contents on a daily basis probably the reason for its popularity. WEBSITE:. limetorrents.cc Don't ever miss this site in your torrent search. Limetorrents.cc is well-known for its impressive size of the database. In addition, it is also highly appreciated because the frequency of legitimate files is enough to keep them coming back. WEBSITE:.torrents.me Torrents.me combines popular torrent sites and specialized private trackers in a torrent multi-search. Torrents.me becomes special for its amazing dashboard on their home page. If you're a data nerd and a torrent fan, you'll appreciate what they've done. WEBSITE:. torrentdownloads.me The big database and high quality of torrents make TorrentDownloads a great choice. With the large number of healthy torrents and incredible download speed, TorrentDownloads is a reliable place for numerous people. WEBSITE:.Zooqle Zooqle is seen as a newcomer to the peer-to-peer (P2P)/torrenting scene with the awesome and highly intuitive interface. You can easily create an account on the site by entering an email address, username, and password to manage subscriptions to your favorite TV shows and movies. Offering users over 1,300 TV shows and 30,000 movies to freely choose from, Zooqle is undoubtedly the optimal way to satisfy TV cravings and binge watching. In addition, some others such as ExtraTorrent, TorrentDownload, limtorrents.cc, Torrentz2, KAT, Torlock, EZTV, Demonoid, BTScene, Torrents.me, iDope and Monova are also the most used sites. Now shortly after law enforcement shut down the original KAT site, a group of devoted site staffers launched the Katcr.co forum in hopes of bringing back these t Kickass Torrent download sites to its former glory, soon. New Kickass Torrents Site 2019 Katcr.co team has now launched a new torrent files and magnet links for movies torrent, TV shows, software, games, and music torrent. The new Kickass torrents site is back online with some of its original staff and dedicated uploaders. Here's what the KAT cr team said on the site's launch: 'We have all our major uploaders on board, and they continue to expect to see uploads from all the names they know and trust.'Meanwhile, Australian ISPs has blocked access to 5 top torrent download webites, including Pirate Bay and Isohunt. Following the shutdown of the original Kickass Torrents portal earlier this year, several mirror sites came up online, claiming to be the real reincarnation. Here below I have listed a few KickAss proxy sites:. But many of those KickassTorrents proxy and mirrors include malicious copycats. Such sites attempt to steal users personal information and credit card credentials. The team behind the new Kickass site promises that the pirates are safe and secure at its new portal. To keep our members safe, we chose to rebuild and keep only safe elements. Despite the fact that a rebuild took longer, the safety of our community comes first,' one of the team members told Torrents website will walk free. Best Torrent Sites Like The New KickAss Torrents. TorLock -. The Pirate Bay -. iDope -.1337x -. Yify Torrent / YTS -. ExtraTorrent -. LimeTorrents -. Zooqle -. Dirty Torrents - Besides KAT cr, online users have found some best KickAssTorrent alternatives people sharing over social media: 1. The Pirate Bay — Among the best KickAssTorrent alternatives is the PirateBay. But over copyright infringement, many ISPs have blocked it and its mirror domains. However, users still access the website using a VPN service or a proxy to bypass service providers restrictions. The PirateBay is one of the best torrent search engine used worldwide. TPB includes pirated material in the form of magnet links for software, movies, and music. 1337x — If you love sites like piratebay and kickass, 1337x would be your go-to torrent download site. The peer to peer file sharing site has been around for a long time that makes it a reliable and prominent. Just like KickAssTorrent, 1337x offers a simple, user-friendly search bar with no complex design. You can also search torrent files and magnet links by categories. Or you can head on to its Top 100 section for most trending torrents on the website.
