No tienes que imprimir el manual completo de Canon EOS 400D, solo las páginas que elijas. Ahorra papel. Puedes utilizarlos si quieres ver rápidamente el contenido que se encuentra en las siguientes páginas del manual.

Testing has shown that this arrangement allow the water to exert an even pressure on the Oring, Increase the reliability of the watertight seal. 4.2 Pressure release plug To open the housing, the pressure release plug must be first unscrewed and then pulled out all the way Counterclockwise Fig 1. This provides a passage for the air to pass through and elThis special Oring design provides a perfect seal even if there is any movement between the body and lid due to change of ambient pressure. However pleaseAfter removing the lid and servicing the camera, replace the lid straight away, rather than leaving it lying around. Before replacing the lid, make sure that no contamination such as dust, hair, salt, sand etc.Squeeze the lid closed all the way with the hissing of expelled air. Screw home CLOCKWISE the pressure release plug Fig. 9. There is no need to excessively tighten this plug. The seal is made by internal Orings. The Oring on the underside of the plug is just to keep out dirt.<http://emachn.com/userfiles/doro-hearplus-317c-manual.xml>

Follow this line all the way round the edge of the seal, as a final check that the seal is good. The housing is now ready for the dive. Important !!! Before diving, make sure the pressure release plug is Make a visual check of the Oring seal. Check housing is closed. Close pressure release plug Check battery and memory card status on the LCD diHowever after an accident the alignment of the housing may have been damaged. Therefore in the event of your housing suffering an impact force, e.g. being dropped, it is essential you do not use the housing for diving. Please return the housing immediately for service. Please put a note inside to indicate the nature of the accident, so that the severity can be assessed. 6. Service To ensure the continued performance of yoThe warranty applies only to the housing itself. 10 BAR does not accept any liability either implicit or otherwise for any equipment housed inside, or used together with the housing. In the event of the housing flooding within the period of warranty, 10 BAR will repair or replace the housing. Please note that disassembly of the housing will invalidate warranty. Please fill in the information below, and retu. Please try again.Please try again.Then you can start reading Kindle books on your smartphone, tablet, or computer no Kindle device required. This limited warranty covers all defects encountered in normal use of the Product, and does not apply in the following cases If the problem cannot be corrected over the telephone, you will be asked to follow the applicable procedures for MAILIN SERVICE. Note that a dated proof of purchase is required at the time of service. MAILIN SERVICE is a program under which your Product is repaired by a Canon U.S.A. or a Canon Canada authorized service center for the Product. Authorized service center information can be obtained by visiting [www.canontechsupport.com](http://www.canontechsupport.com) US customers only or by contacting the Canon U.S.A., Customer Care Center or Canon Canada Customer Information Centre at 1800OKCANON 18006522666. You will be given the name, address and phone number of an authorized service center. It is your responsibility to properly package and send the defective Product, together with a copy of your dated proof of purchase, a complete explanation of the problem and a return address to the authorized service center at your expense. Do not include any other items with the defective Product. The Product covered by this limited warranty and proven to be defective upon inspection will be repaired and returned to you without charge by the authorized service center. Any Product received by the authorized service center that is not covered by the limited warranty will be returned unrepaired, or at the discretion of the authorized service provider, you may receive a written estimate of repair at such cost as the service center may establish from time to time.
