We are a trusted supplier to 1000s of schools, government agencies, military and repair shops worldwide. Send your laptop to the Dell Experts! PartsPeople began as a small company 17 years ago in an extra bedroom of my house. I had saved a small sum of money to purchase some computer parts and began selling them on eBay. After a few months I realized that people needed a place to go for Dell parts so I began building our website. Since we are located in Austin, Texas, where Dell.com was founded, I was able to set up a solid supply line with Dell. From the start, we focused on customer satisfaction and selling quality parts. We have grown a lot since 2002 but still and always the customer will come first. You will find that we go above and beyond with every order and offer free resources and support before and after the sale. This will take you step by step through the complete installation and replacement process. A Phillips head screwdriver and a plastic scribe are needed for this replacement. The Vostro line includes desktop and laptop computers, all marketed toward small and medium businesses, depending on their technical specifications and size. Vostro laptops generally have enhanced security features when compared to other Dell laptop lines. Before 2007, Dell's Dimension line consisted of desktops for homes and small businesses. The Inspiron series consisted of portable computers for homes and small businesses. The Vostro line was designed to end the Dimension line of computers. After 2007, the Inspiron line included all desktop and portable computers for the home market. When compared to the Inspiron line of computers, the Vostro line is generally less expensive but has curtailed technical availability. For example, the Vostro 14 5000 is a line of laptops with 14inch displays, and the Vostro 1320 features a 13.3inch display. Also, the 5000 versions of Vostro computers are considered higherend than the 3000 models.
