DixieNarco Yelp is a fun and easy way to find, recommend and talk about whats great and not so great in Williston and beyond. I would really like to find the OPERATION manual. For details about how to set price, load product, ECT. You did not say what kind of acceptor but three flashes often mean a bad sensor in the unit. Another possibility is that it is disabled from the vendor. Check that all the columns have returned to home position if it is a bag vendor. If it is a pop machine then take off the metal cover over the vend motors and CAREFULLY push down on the microswitches to see if the motors run. Pop may fall out as you do this so watch for it. After running all the motors or homing out all the columns try you machine again. You will probably have to get the bill acceptor fixed though.The only classic available is a 2760 or 2760T or 2760W.

Best to go to this Dixie Chopper support site and select the model carefully. You may not find a service manual but depending on what you may want to repair, the parts manual may be sufficient.
