Dressmaker sewing machines are made by EuroPro Operating LLC. Dressmaker also offers a portable sewing machine that runs on batteries. Dressmakers offer many different features to make sewing easier for its users. The features on your particular Dressmaker model are listed in your users manual, and you should always review the guide prior to operating the sewing machine. Place a spool of thread on the spool pin. Attach the bobbin to the bobbin spindle. Hold on to the thread lightly and it will break as the bobbin is made. The machine will stop when the bobbin is completed. Turn the hand wheel, raising the needle to the highest position. Slide the bobbin in and release the bobbin case latch. Close the front cover. Move the thread down and between the tension discs from right to left. Pull on the thread lightly to make sure the thread is fairly tight. Hold the thread loosely and turn the hand wheel to thread the bobbin up through the face plate. You can now begin sewing. Press the center of the feed dial to use reverse sewing. A Dressmaker 2402. She has the manual and 30 cams. It looks beautiful. I was able to rotate the hand wheel through several turns, but when I threaded it, the needle started hitting the bobbin case!! Any ideas on why its doing that? May be a bent needle. Did the bobbin case get seated properly? Rodney Did the bobbin case get seated properly? Rodney So, its not that the bobbin case wasnt seated correctly. So the hand wheel rotated freely until I threaded the needle. dunno. then it started hitting the housing for the bobbin. I was excited when my friend brought this machine over, cosmetically great shape, full set of cams, manual, and a box of bobbins, zipper foot, and I dont know what else. Once it gets up and running, I think itll be a great machine for her.

The needle gets threaded left to right, and the bobbin gets inserted into the bobbin case with thread leading from left to right so I guess that means that when you pull the bobbin thread, it rotates clockwise as I watch it with the cover off. sometimes the bobbin housing seems to shift by a tiny

amount, it enough so the needle hits the bobbin housing. Also notice that the upper thread doesnt come done and wrap around the bobbin thread. Any thoughts I do remember having to adjust the needle bar just a smidge. I think it was zigging and zagging but the zag was a hair off on the timing. It was hit and miss when it did zag. I have cams but I found another machine they fit and am happier with that arrangement. If I need parts the worst one gets to be a donor. If you are going to teach someone to sew get an old Singer 15 or a 66. Anyway here is a repair manual I found lately it prints out 50 or 60 pages. They are not what you usually see when you think of all metal Japanese machines. I had one, but thankfully it sold late last year. Ok, having said that. Make sure the bobbin case is snapped in fully. Make sure you are using a Class 15 bobbin. Make sure you are using 15x1 needle and that its seated correctly. I believe it seats flat to the right. Make sure the needle is straight too. If these steps do not cure the problem, there is a good possibility somethings bent or out of time. Joe Mine are still here I just cant inflict them on anybody. Parts. My main questions is, does anybody know where I can buy a replacement shuttle hook if that is the problem. What would be the specifications for it, cause I see plenty online but I dont know if I just need a general dressmaker shuttle hook or if theres a more specific kind I need and I dont have the manual to check. Ive never used them directly yet, but I have gotten parts numbers off their site and used them to successfully find the right part on Ebay. This video shows cams for the s2402 You can buy them on Ebay, sometimes IDd as Dressmaker cams and sometimes not, in which case they may be less expensive. This is one of them You may also be able to get the manual free from docs.google. I believe the S or SS on the 2402 refer to stretch and super stretch, so when its hitting on all cylinders, your machine should be able to sew knits. I will check those resources out, I appreciate the help. All rights reserved Back to top. It can do up to THIRTY thread patterns.
