### Book Descriptions:

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with Drive Medical Low Air Loss Mattress Manual . To get started finding Drive Medical Low Air Loss Mattress Manual , you are right to find our website which has a comprehensive collection of manuals listed.

Our library is the biggest of these that have literally hundreds of thousands of different products represented.

## Book Descriptions:

# Drive Medical Low Air Loss Mattress Manual

Read our Privacy Policy for details. This mattress operates in an alternating pressure mode or static mode and is ideal for hospitals, nursing homes and home care. The mattress has 20 air bladders that can deflate in 20 seconds for easy CPR access. The two way stretch zippered and quilted urethane fabric cover is water resistant, vapor permeable, machine washable and low sheer. Within the 20 air bladders, nine have laser holes to achieve a low air loss function, to increase patient comfort, keep the patient cool and speed recovery. The MedAire also has LED and audible alarms which provide performance data and alerts the caregiver when the pressure falls below 10mmHg inner mattress pressure. The MedAire by Drive is a great economical option when an alternating pressure mattress is needed. This device was built to exacting standards and carefully inspected prior to shipment. This 1 year Limited Warranty is an expression of our confidence in the materials and workmanship of our products and our assurance to the consumer of years of dependable service. In the event of a defect covered by this warranty, we will, at our option, repair or replace the device. This warranty does not cover device failure due to owner misuse or negligence, or normal wear and tear. The warranty does not extend to nondurable components, such as rubber accessories, which are subject to normal wear and need periodic replacement. If you have a question about your Drive device or this warranty, please contact an authorized Drive dealer. If the product is damaged or is not the correct product, please refuse the delivery. If your item was delivered without a signature and is damaged or incorrect please call SpinLife Customer Service. If you have questions about this item please call a SpinLife Expert at 18008500335. <http://daati.com/images/craftsman-2-gallon-air-compressor-manual.xml>

Seek immediate medical attention if magnets are swallowed or inhaled. Please try your search again later. The alternating pressure system is optimized for pressure redistribution for people with up to Stage IV pressure ulcer, and thus was designed to prevent, treat, and manage pressure ulcers in a home, long term care, or acute care setting. The Med Aire Bariatric Low Air Loss Mattress even provides an additional 24 hours of use in the event of a power outage. The advanced digital pump allows for a custom setting which allows the individual to set the unit to his comfort and safety needs, and will even auto return to a alternating pressure mode if the system is left on static mode for more than 2 hours. The convenient cover stretches 4 ways, is low sheer, fluid resistant, vapor permeable, quilted and zippered. In the unlikely event that one of the 20 air cells malfunction due to a puncture, they are easily removed and replaced.

The unit also has a pillow function allowing 3 air cells at the head of the bed to stay in a static mode for better comfort and easier sleep. The system has 3 distinct diagnostic alarms which tell you whether the problem is with the mattress or the pump allowing for easy and effective troubleshooting. Be sure to consider the Med Aire Bariatric Low Air Loss Mattress Replacement System for effective treatment and ideal comfort. The alternating pressure system is optimized for pressure redistribution for people with up to Stage IV pressure ulcer, and thus was designed to prevent, treat, and manage pressure ulcers in a home, long term care, or acute care setting. Be sure to consider the Med Aire Bariatric Low Air Loss Mattress Replacement System for effective treatment and ideal comfort. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzes reviews to verify trustworthiness. Please try again later. Granny G. 5.0 out of 5 stars The foam mattresses were bottoming out on him and causing some beginning skin breakdown. We found out insurance doesn't cover an air mattress unless he already has bedsores which defeats the purpose of prevention. This mattress has been a lifesaver for him as far as his comfort and skin care. The redness he was starting on his backside and bottom has already improved after only a few weeks and he no longer experiences the pain he was having in his bottom and back. Well worth the price. Mattress works great as described. Only issue we experienced is as we sit him up on the side of the bed the cover is slick so he would start to slide off, we fixed this by first letting some air out of the mattress each time before sitting him up. All in all we are very pleased with this mattress and would highly recommend it.

We need to get a new control unit and need the price on and how to order it. Five minutes after the purchase I wrote you and told you my bed was only 37 wide and that I needed a certain model number. I gave you the model numbers that would not work for me including the widths of each. You wrote me back and told me not to worry that the bed was only 29 and I had nothing to worry about. Well you sent me a model number I told you would not work and was 42 wide. I waited five days on a broken bed developing bed sores and had to have friends make a desperate search for a Bed overlay here in Hawaii. I complained and you said I could return the bed within a time limit I never could

succeed at as I have been bed ridden 12 years. None of you bed gave the right detentions so for each on I had to do laborite search separately on the web, involving hours. Please read the mail I sent you. I see finally you have corrected your error and now. Do you think your arrogance upset me besides costing me dearly. Warranty 1 Year Limited Downloads Owners Manual Brooklyn NY 11205. Models 14001E, 14001EFD Warranty 1 Year Pump, 90 Days Pad The bubble pad provides superior therapeutic treatment alternating which of the 130 individual bubble cells are inflated or deflated every 5 minutes, never placing too much pressure on any affected area. The variable pressure, 4 LPM liters per minute pump produces a consistent air flow, adjustable pressure, and its quiet technology alternately inflates and deflates the pads air cells.

And this is a high quality product on the lower end of the cost factor for hospital air mattresses. For my adult Very quiet, nice alarm if it deflates, wipeable and durable. Nice cover too! I have had this model before. It is awesome!! Get a cheap, egg crate This is the mattress that my daughters reconstructive specialist wanted for her, so she would have the best chance to heal. We found a great buy on ours and it has been perfect. All the nurses said how lucky Mandy was to get such a great mattress, it was the best. Verisign. Learn more All Rights Reserved.
