Warning: Can only detect less than 5000 characters3D, city rendering scene is like a resort, the clothes of people and vehicles are revealed the explosions of retro atmosphere of the 1980s, while the game music game also followed the pop style, in the IL Of 90's classic songs appear in different scenes, giving players a more immersed feeling in the game. The game also continues to follow the proud GTA series of the GRTA mode, players can step by step based on the main activities to improve their fame and influence, and the game does not have a difficult line to complete the task, you can choose to do A step for a stir, it is also possible to sing, carefully implement the main principle of "Bad Guys" - take a good car ramp, and even choose to hit the smashed bank to burn. It can be said that for this authentic original inherited all the advantages of the first, super freedom degrees worthy of the name of the GTA Series series. As porting work, GTA3 in terms of operabilization and lens control have done quite well, well adapted to the phone platform, there is no acclimatization, like the car after the brake, winter and speakers are a Button A function all the step shape per step together in the interface, fight, guide and shooting operations are fully integrated. If you believe it is not used, you can also make changes to the settings, the location of the rocker settings and the virtual mode to facilitate its operational habits. The game supports 8 different languages, but no Chinese version, for the control of the task gta fear that I have to spend some time to study, but in the past the map is still a very clear, clear logo, so I don't understand that the It doesn't matter, you can completely go through the map to explore the groping - unless you have time constraints. And when you arrive at the site there is a large arrow logo, whether you have familiar with the 8 languages, as long as you have patience, you can also enjoy fun to complete the task. The GTA series of games in general to maintain the original style, at the same time in this will be more than 100 types of different transport modes, lighting effects and modeling of scenes, has also made careful optimization! However, the relatively recent launch of the masterpiece of the 3D action game, will be even lower, while the control of the lens occasionally seems the slow response phenomenon. Overall, Grand Theft Auto: Vice City has maintained its unique classic elements, for this 10-year-old game is still strong, it has naturally become a unique symbol, but if the unique game, maybe you will find that its first surprising experience of Liberty gone over time, like most nostalgic games left behind, so that the player collected more is moving, not a surprise. Grand Theft Auto: Vice City is a popular third-person game, now on Android. Sunny beaches with beauties in bikini, formidable boys in Hawaiian t-shirts, expensive cars and cold speakers, luxury mecca and criminality Á ç á, - "All this in GTA VC APK! The game takes place back to 80. The protagonist of the game, What players will play, is the Tommy Versetti bandit, who recently left the walls of the prison. Upon arrival in GTA Vice City, Tommy has managed to start a big illegal problem by stealing a great money. But something went wrong. Don't have time to hide, and so as not to endanger your relatives and friends, Tommy should return everything to your places the á ç
