Your mission: help the suffering leave a criminal band. The things we do for love. Master different martial arts Shan convince her boyfriend her gin to leave a criminal band with which she was involved. However, the former partners don't make it so easy for him, since Shan will take up and try to finish them. But Gin is a martial arts master. In other words, fighting Tiger is a 3D fighting game in which you control a band member (or the girl of him, when save him) that is forced to face a group of thugs. To play, you can move freely around a stage while you fight all the enemies that come to your way. You cannot access the next area until you have finished all the bad guys. To do this, you will have a move button and many to perform various attacks, like fists, spinning pins and grabs. You can fists with fists, hit with a motorcycle helmet, or use different weapons that steal from your rivals (sticks, knives, baseball bats ...). And the game also includes a mode to enjoy short and single fighting games, where you can control Gin or Shan. You have to fight for your girlfriend and your life, which could end up very early if you make the wrong move. The movements of the characters and 3D graphics are very recalling the classic playstation games (the original). Both aspects can be improved, but it is still an interesting martial arts game that mixes several styles, including Kung Fu, Chinese boxing and Sanda. Download the APK file and releases stress by emptying the punches! Photo of courtesy: Future Publishing / Getty Images If you have a new phone, tablet or computer, you are probably trying to download some new apps to make the most of your new technology. Short to Á € à, ~ à "Application", the apps allow you to do everything from listening to music to synchronize your phone to your car to play. With so many apps to choose, however, it can be a bit daunting if you don't know how to download them. Fortunately, the app download can be fast, simple and easy regardless of the type of technology you are using. Read on to learn how and where to download app. When you download a file on the network, either from A store or elsewhere, a file hosted on an online server is copied to the computer. If you have never been online, both on a phone or computer, you probably already downloaded the files on many occasions. The apps are not different Á € Á, ~ They are only specific types of files that drains from the Internet. Courtesy Photo: Scott Barbour / Getty Images apps are generally configured as executable files (.exe), although the apps think for Apple devices are often available as a file app (.app) or DMG (.dmg). Sometimes (especially when it is designed for computers), an app is compressed in a zip (.zip or .zipx) file to save space. To do this, you may need another program, like WinZip or 7-Zip, to open it, even if you might even be able to open it from the left or by right-clicking if the device has arrived with the Possibility to open zip files. In many cases, however, the download of an app is as simple as by clicking a button on the app page. As long as it is not enough space on your device, the app will probably be ready for use once the download was done. Android is an operating system used for phones, tablets and more. The odds are that if your phone is not an iPhone, it is probably probably an Android device Á € à, ~ The brands include Samsung, Huawei, LG, Motorola, ZTE and many others. To download app for a Android, you can visit the Android website or use the Google Play app. (It is often pre-installed on phones and tablets, so you may already have it.) Be aware that you may have probably asked to log in with your Google account or create one if you don't already. Photo of courtesy: SOPA Pictures / Getty Images Open the Google Play store on your device and then then For the specific name of the app or any larger category that may interest you. Click on the APP result to learn more. If the app is free, it should start downloading; Otherwise, you will be asked to pay it. In both cases, once the file is downloaded, it's good to go. Microsoft Host Apps on your website, which can be accessed via any device with a web browser. You can use the site to download app for tablets, computers, phones, Xbox console, virtual reality set and more, so it's important to check the system requirements on the page of each app to ensure that the app is compatible with your device. Photo of courtesy: Kim Kulish / Getty Images Select any free or paid app is interested in seeing a brief description of the app. If you choose a paid app, you will be asked to enter credit card information or a gift card to complete your order. Apple App Store hosts apps designed for iPhone, iPad and other Apple devices. As with Google Play, it is often pre-installed on telephones. Like other app stores, allows you to filter the apps by category, including apps in the foreground, new app apps, popular apps, theme categories and more. Choose the app you want and follow the on-screen instructions to download it to your device. You will need to access or create an account completing the purchase.
